EX PARTE OR LATE FILED

RE: Ex Parte Notice;  
CC Docket No. 96-61

Dear Mr. Caton:

This letter is to confirm that on Friday, June 28, 1996, Thomas K. Crowe, counsel for the Commonwealth of the Northern Mariana Islands ("CNMI"), made a written ex parte presentation to the Commission in the above-mentioned proceeding. At the request of Sherille Ismail, Mr. Crowe provided the Commission with copies of the NANP implementation letters submitted to the NANP Administrator by both the CNMI and the Territory of Guam. Enclosed please find a copy of the presentation made to the Commission. The Liaison Office of the Territory of Guam consented to Mr. Crowe's submission on its behalf.

This ex parte notice should be included in the public record.

Respectfully submitted,

Kathleen L. Greenan,  
Counsel for the Commonwealth  
of the Northern Mariana Islands

Enclosure

Mr. Ronald R. Conners  
Director NANP Administration  
PYA 1F275  
6 Corporate Place  
Piscataway, NJ 08854-4157

Dear Mr. Conners

REF.: CNMI NANP letter May 10, 1996

In response to your letter of May 10, 1996 regarding the assignment of a new Numbering Plan Area (NPA) for the Commonwealth of the Northern Mariana Islands (CNMI), I am pleased to provide the following information.

The exact date of the activation of the 670 NPA is 00:01 Saipan time on July 1, 1997.

There will be a permissive period for International dialing into the CNMI during which International calls can be accomplished by dialing either Country Code 670 or Country code 1 + NPA 670. The permissive period will extend for one full year from the date on which the 670 NPA is activated (Until 00:01 on July 1, 1998-Saipan time).

There will be a permissible period for Domestic dialing into the CNMI during which calls may be completed by dialing either the International address or the 670 NPA, within the NANP area. This period will be for one full year beginning with the 670 NPA activation and ending at 00:01 July 1, 1998-Saipan time.

Worldwide Deactivation of Country Code 670 will occur immediately upon completion of each permissive period, or at 00:01 July 1, 1998-Saipan Time.

The dialing plans for the NPA are:

Local (Within CNMI)	0 + 7 Digits
	1 + 7 Digits
Within World Zone 1	0 + 10 Digits
	1 + 10 Digits
International	01+CC+NN
	011+CC+NN

The test number to the 670 NPA is 670-682-8800. This number will be activated on April 1, 1997-Saipan time and will be deactivated at 00:00 on September 30, 1997-Saipan time.

Mr. Ronald R. Conners  
Page 2

The trouble number that may be called in the event that calls cannot be completed on the new NPA is 1-670-682-8801.

The NPA Coordinators for implementation of the 670 NPA are:  
In CNMI, MTC

Sandy Barry	670-682-2091
	670-235-6318
James Calderwood	670-682-2501
Lynn Langford	670-682-1991

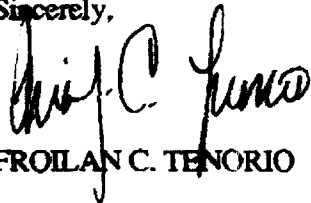

In Hawaii-GTE Hawaiian Tel	
Gary H.Y. Lee	808-546-2381

MTC Coordinator Sandy Barry, will be sending you the maps of the area and other information regarding the NPA implementation.

My Special Assistant for Telecommunications and Utilities, Mr. Dave Ecret, will continue to monitor the developments. If you need additional information, please feel free to contact his office (670-664-2206, Fax 670-664-2211).

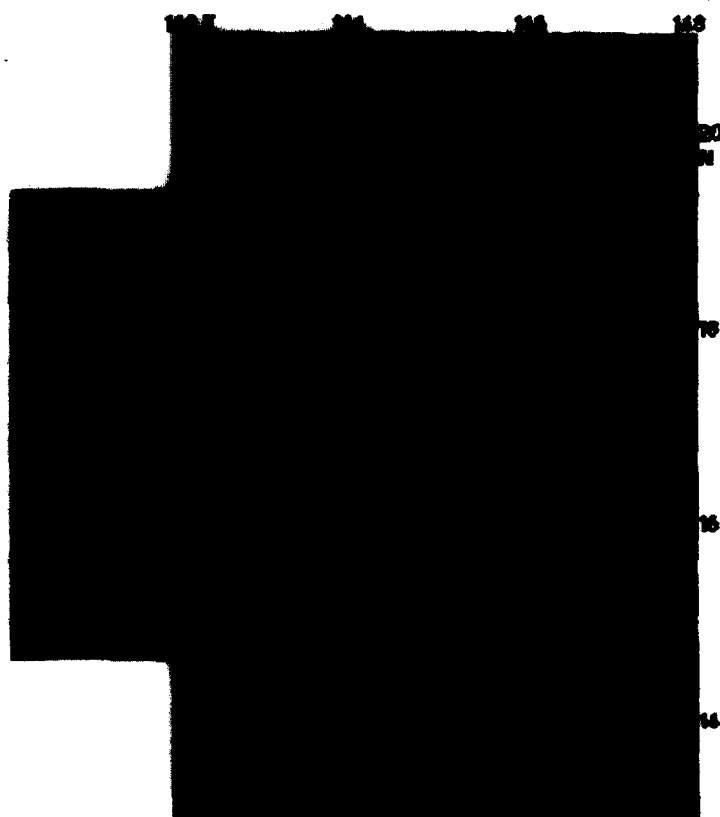

Again I would like to thank you and members of your staff for the outstanding support we have received in our request to be a full member of the NANP.

Sincerely,

FROILAN C. TENORIO

## Maps of the Northern Marianas

OFFICE OF THE GOVERNOR  
TERRITORY OF GUAM

**JUN 27 1996**

Mr. Ronald Connors  
Director  
NANP Administration  
Bellcore  
PYA 1F275  
6 Corporate Place  
Piscataway, NJ 08854-4157

Dear Mr. Connors:

Thank you for your letter to Governor Gutierrez dated May 10, 1996, assigning Guam area code 671 and including Guam in the North American Numbering Plan (NANP). Please utilize the following information for the Information Letter to the industry explaining Guam's transition to the NANP.

Guam will officially be included in the NANP at 00:01 on July 1, 1997 Guam Time (14:01 June 30, 1997 GMT). A domestic and international Permissive Dialing period will exist for 12 months terminating at 00:00 on July 1, 1998 (14:00 June 30, 1998 GMT). The Governor of Guam would like to reserve the right to extend permissive international access to Country Code 671 beyond one year if there are countries or administrations lagging behind in the implementation of the new numbering plan. This extension would not apply to World Zone 1 originated traffic.

Upon the implementation of the new dialing plan, callers will originate calls from World Zone 1 to Guam utilizing Area Code 671 + 7 Digits. Calls originating outside World Zone 1 will originate calls with Country Code 1 + 671 + 7 Digits.

During the Permissive Dialing period, callers will still be permitted to terminate calls utilizing Guam's existing Country Code 671 + 7 digits. It is expected that Country Code 671 will be deactivated upon termination of the international Permissive Dialing period at 00:00 on July 1, 1998 (14:00 June 30, 1998 GMT) unless an extension is required.

The test number for NPA 671 (Guam) terminated calls will be (671) 479-4826 or (671) 479-GUAM. It will be activated at 00:01 on April 1, 1997 Guam Time (14:01 April 1, 1997 GMT) and will remain operational for 15 months terminating at 00:00 on July 1, 1998 (14:00 June 30, 1997 GMT).

Mr. R. Connors, Director, NANP  
Page 2

The Dialing Plan within NPA 671 (Guam) is:

Local (within NPA 671)	7 Digits
Domestic (Within World Zone 1)	1 + NPA + 7 Digits
	0 + NPA + 7 Digits
International (Outside World Zone 1)	011 + CC + NN
	01 + CC + NN

(Note: Please see attachment 4 regarding additional details on dialing patterns for non pre-subscribed carriers)

The Implementation Coordinator for Guam Telephone Authority is Carl P. Leon Guerrero, Chief Engineer. His telephone number is 671 632-3312/3387 (please remember 671 is still a country code) and his facsimile number is 671 632-3337. Mr. Leon Guerrero's alternate for technical assistance is Frank Dela Rosa at the same contact numbers.

Guam Telephone Authority will provide assistance for problems in terminating the calls in the new NPA 671. This assistance can be obtained from the Agana Central Office, telephone number 671 477-4684. This number will be staffed 24 hours a day, 7 days a week.

I am including attachments of:

- 1) Guam Central Office Codes
- 2) Map of Guam
- 3) Map of world identifying Guam's location
- 4) Guam Telephone Authority Dialing Pattern and Signaling Table (2 pages)

I will continue to be the coordinator for the Governor of Guam. My telephone number is 671 475-9323 or US Area Code (202) 624-3699. My facsimile number is 671 475-9329 or US Area Code (202) 624-3698.

Sincerely yours,

  
Robert F. Kelley, Jr.  
Advisor to the Governor
